Village	
City Hall	
Portrush	
Killyleagh	
Slieve Donard	
River Foyle	

Northern Ireland - human or physical features?

Cut along the dotted lines. Sort the pictures into human and physical features.

City Hall

Belfast

Castle

Carrickfergus Castle

Coast

Giant's Causeway

Lake

Lough Neagh

Harbour

Portrush

Village

Killyleagh

Mountain

Sieve Donard

River

River Foyle

Northern Ireland - human or physical features?

Human Features

Physical Features

London

London is the capital city of England. It's the biggest city in the UK!

London has many famous buildings – like Buckingham Palace.

Buckingham Palace

The London Eye

The River Thames flows through London.

Have you seen the London Eye? It's a really big wheel by the River.

Spot the Shard!

In the Great Fire of London, about 350 years ago, lots of houses burnt down.

London is changing all the time. A new tower called the Shard is the tallest in Europe!

Deer in Richmond Park

People in London travel in red, double-decker buses or black taxis. The underground railway called the 'Tube' is popular too.

This city has many museums and parks to visit.

The largest park in London is Richmond Park.

Key words:

-  capital
- city
- palace
- Thames
- underground

Guided Reading – London Discussion Sheet

Before Reading – Prediction activity

Ask your students these questions before and after reading the text. Have students skim the text to help with prediction before reading.

1. What do you think you are going to read about?

Tell Odd one thing you know about London.

LONDON

1. Draw lines to fix the broken sentences.

The River Thames

all the time.

London is changing

by the river.

The London Eye is a really
big wheel

flows through London.

2. Name three things you can find in the city of London.

Buildings

3. The capital letters and full stop are missing. Put them back in.

the largest park in london is richmond park

4. Choose a word from the box to finish the sentences.

park	city	place	Palace
------	------	-------	--------

London is the capital _____ of England.

London has many famous buildings – like Buckingham

LONDON

The capital city

London is the capital city of England. It's the biggest city in the UK: over eight million people live there. London is the home of the UK Parliament – and the Queen lives there too.

Around 300 different languages are spoken in this city!

The Palace of Westminster, home of the UK Parliament

On the river

London began as a Roman settlement on the River Thames. The wide river made it easy to trade goods.

Lots of famous buildings are found along the river, such as Tower Bridge, the Tower of London (a historic castle) and the London Eye (a really big wheel!).

The River Thames meanders through London

The Queen lives in Buckingham Palace

A place in history

Lots of important events have happened in London, including the Great Fire of London in 1666. The bombs of the Second World War – the blitz – also left their mark.

Today, you can visit many historic buildings, churches and royal palaces. And don't forget about London's wonderful museums!

A changing city

New buildings appear in London every year: the Shard, a 95-storey skyscraper, is the tallest building in Europe! Inside, you'll find offices, restaurants and a hotel.

Central London has a steel 'wobbly bridge' built for people, not cars. When it first opened, the Millennium Bridge wobbled a bit too much!

A view of London's Shard

LONDON

Green London

With its many parks and paths, London is a really green city.

You might spot water voles, bats or foxes. In the River Thames, you can find eels, oysters and wild salmon.

Deer roam around in Richmond Park, London's largest

Underground, overground

How do people get around this huge city? Some use the famous London red buses or take taxis ('black cabs'). Many travel on the 'Tube' – an underground railway. London was the first city in the world to have an underground railway: it opened in 1863!

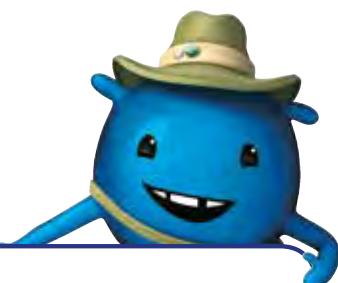

There are eleven different lines on the London Underground, including the:

- Bakerloo
- Jubilee
- Piccadilly
- Victoria

Londoners get around underground, on the Tube

Key words:

capital

city

government

historic

landmark

palace

parliament

skyscraper

underground

LONDON

The capital city

London is the capital city of England. It's the biggest city in the UK: about eight and a half million people live there. London is the home of the UK Parliament – and the Queen lives there too.

People come to London from all over the world: around 300 different languages are spoken in this city!

The Palace of Westminster, home of the UK Parliament

On the river

London began life as Londinium – a Roman settlement on the River Thames. The wide river made it easy to trade goods there.

Lots of the city's famous landmarks are found on the river, such as Tower Bridge, the Tower of London (a historic castle) and the London Eye (a really big wheel).

The River Thames meanders through London

The Queen lives in Buckingham Palace

A places in history

Over the centuries, London has seen many historic events, including the Black Death in 1665 and the Great Fire of London in 1666. The 'blitz' – the bombs of the Second World War – also left its mark.

Today, you can visit many historic buildings, such as churches and royal palaces, to find out about London's past.

A changing city

Like the River Thames, London doesn't stand still. New buildings appear every year: the Shard, a new 95-storey skyscraper, is the tallest building in Europe! Inside, you'll find offices, restaurants and a hotel.

Central London has a modern steel 'wobbly bridge' built for people, not cars. When it first opened, the Millennium Bridge wobbled a bit too much, but engineers soon sorted that out.

A view of London's Shard

LONDON

Green London

With its many parks, cycle-ways and river paths, London is a really green city, and great for wildlife. You might spot water voles by the river, bats or urban (city) foxes.

Eels, oysters and wild salmon all live in the Thames: it's one of the cleanest city rivers in the world.

Deer roam around in Richmond Park, London's largest

Underground, overground

How do people get around this huge city? Some travel on the famous double-decker, red buses or take taxis ('black cabs'). Many more travel on the 'Tube' – an underground railway. London was the first city in the world to have an underground railway: it opened in 1863! There are eleven different lines on the London Underground, including the:

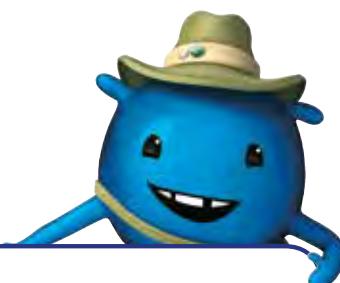

- Bakerloo
- Jubilee
- Piccadilly
- Victoria

London has railways above ground too, including the Docklands Light Railway, where the trains drive themselves!

Londoners get around underground, on the Tube

Key words:

capital

city

government

historic

landmark

palace

parliament

skyscraper

underground
