

## Year 6 Summer Brainbuilder- Rivers

In the Autumn term, we will be learning about Rivers. Over the holidays, we would like you research this topic at home. Every task should be completed to high standards. Make sure you add pictures and colour.

Draw a map of where rivers are located around the world.

Create a fact file about the longest river in the world.

Complete the sheet- features of a river.

Create a fact file about the shortest river in the world.

Create a 3D model of how rivers flow.

Create a glossary page of the river features.

Write down how many different ways rivers can be used.

Draw the water cycle and explain how it works. Make sure you include colour.

## Year 6 Transition Brainbuilder (part 2)

You must complete at least four of the tasks listed.

Try a variety of skills, not just drawing or writing.

1. Design an exciting topic page. Make sure you add colour and draw pictures.
2. Design a coat of arms which tell us what subjects you like, what skills you have and any interesting facts you want to share with us.
3. Collect photos of your family to include in your family tree if you can. Create a family tree to tell us about your closest family. Can you find out who your great grandparents were? Where did they come from? You could also interview one of your extended family members about how they lived their life.
4. Write a letter to your new teacher to tell them some interesting facts about you.
5. Create a memory page for your school year in Year 5. Include things like: best classroom activity. favourite book you read, funniest memory etc.
6. Draw a full portrait of yourselves using your Artistic skills.
7. Using your research skills, find a person you aspire to be like in the future. You can either make a model to show this person and their skills, or you may wish to make a poster, a comic strip, or a power point. Think about why this person inspires you and what you like about them.
8. Create a worry spiral. Around the spiral, write down any worries you have in Year 6. Can you think of ways on how you could overcome them?
