Science

Scientific Enquiry

- *I can ask relevant questions and use different types of scientific enquiries to answer them.
- *I can set up practical enquiries, comparative and fair tests.
- *I can make systematic and careful observations and take accurate measurement using standard units, using a range of equipment, including thermometers and data loggers.
- *I can gather, record, classify, and present data in a variety of ways to help in answering questions. (Classifying prey and predators)
- *I can record findings using simple scientific language, drawings, labelled diagrams (food chains), keys, bar charts and tables.

Scientific Knowledge

- *I can describe the simple functions of the basic parts of the digestive system in humans.
- *I can identify the different types of teeth in humans and their simple functions.
- *I can construct and interpret a variety of food chains, identifying producers, predators and prey.
