

Alexandra Park Junior School

Physical Education at
Alex Park

Intent

- Alexandra Park nurtures and encourages all children to realise their personal best and to fulfil their potential in the academic, sporting and performing opportunities provided in and out of school. At Alexandra Park we endeavour to support and promote excellence through PE whilst advocating healthy lifestyles and the opportunity for children to engage in regular competitive sport and activities, therefore developing competency in a broad range of PE. Through mutual respect and appreciation, we aim to provide enrichment and enjoyment for everyone. By fostering support and loyalty, we offer an environment in which we clearly value the contribution of each individual.

Implementation

- We enable children to develop physically, cognitively and socially.
- We allow for development of physical literacy, including greater levels of agility, balance and coordination.
- We encourage children to work and play with others in a range of group situations;
- We develop the way children perform skills and apply rules and conventions for different activities.
- We increase children's awareness of their own performance and how to better or improve this performance.
- We teach children about the changes that happen to our body during exercise and why these changes occur.
- We ensure children enjoy, understand, and realise the importance of physical activity both now and in throughout their lives.
- We create a sporting environment whereby children can express themselves, showing imagination and expression.
- We develop an understanding in children of how to succeed in a range of physical activities.
- We teach children 'British Values' embedded by physical activity and sport such as fair play and respect.

Impact

- Teachers assess children's work in PE by making assessments as they observe them working during lessons. They record the progress made by children against the learning objectives for their lessons. At the end of a unit of work, teachers make a judgement against key performance indicators for a child's social, physical and cognitive development in line National Curriculum levels of attainment. They record this information on a half termly assessment Ipad app (PE Passport) which allows them to establish where a particular child is in accordance to age related expectations as outlined by the school's package, Future work for children depending on the perceived attainment level they are working at can then be altered accordingly. This information is then passed on to the PE lead.

Our Next Steps

- Our school uses the national scheme of work as the basis for its curriculum planning in PE. We have then adapted this scheme of work to meet our needs as a school while still developing a high level of competency when it comes to physical education and sport.
- Swimming and water safety is currently taught in both Years 3 & 6 with both year groups accessing provision over the course of two consecutive half terms each. We will be working to change the Year groups to years 4 & 6 by 2021.
- In upper and lower key Stage 2 compulsory dance, gymnastics and games will be taught.
- We plan the PE activities so that they build upon the prior learning of the children. While there are opportunities for children of all abilities to develop their skills, knowledge and understanding in each activity area, there is planned progression built into the scheme of work, so that the children are increasingly challenged as they move up through the school.
