1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognizing and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance <https://www.gov.uk/government/publications/keeping-children-safe-in-education--2> and [Working Together to Safeguard Children \(2018\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following Government guidance and legislation:

- Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- [Teaching online safety in schools](#), which is the Government guidance supporting schools to teach pupils how to stay safe online when studying new and existing subjects

3. Definitions

Safeguarding and Child Protection is everyone's responsibility. Safeguarding and Child Protection are not the same thing.

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care ➤ Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

A **Child in Need** is defined under the Children Act 1989 as a child who is unlikely to achieve and maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Upskirting typically when a photograph is taken under a person's clothing without them knowing, for sexual gratification or to cause the victim humiliation, distress or alarm.

Sharing of nudes and semi-nudes (also known as sexting or youth produced sexual imagery) is where children share nude or semi-nude images, videos or live streams

Children includes everyone under the age of 18.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education and will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The Oldham local authority (LA)
- A clinical commissioning group for an area within Oldham LA
- The chief officer of police for a police area within the Oldham LA

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic abuse
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after children missing in education, whose parents/carer has expressed and intention to remove them from school to be home-educated

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, students, volunteers and governors in the school. Our policy and procedures also apply to extended school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A & B of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually. A signed record of completion

is kept for all staff.

All staff are also expected to read annex B of KCSIE (about specific safeguarding issues).

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct policy, the role and identity of the designated safeguarding lead (DSL) and deputy DSL, the behaviour and anti-bullying policy, our Student Acceptable use of ICT policy, and the safeguarding response to children who go missing from education (Appendix 3)
- The early help process and their role in it, including identifying emerging problems and liaising with the DSL/deputy DSL
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play supporting the DSL/deputy DSL
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation
- All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are well placed to observe students day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where abuse and neglect have been suffered, or other potentially traumatic adverse childhood experiences (ACES), this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences can impact on their mental health, behaviour and education.
- All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or School and/or can occur between children outside of these environments. (Contextual safeguarding)
- The fact that children may not feel ready, or know how to tell someone they are being abused, exploited or neglected, but this shouldn't stop staff from having a 'professional curiosity' and speaking to the designated safeguarding lead (DSL)
- The fact that children who are (or are perceived to be) lesbian, gay, bi or trans (LGBT) can be targeted by other children
- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- What to look for to identify children who need help or protection

Section 13 and appendix 3 of this policy outline in more detail how staff are supported to carry out their role.

5.2 The designated safeguarding lead (DSL)

The DSL is Jenny Seabright, Principal, K.Thompson (Deputy DSL), S.Griffin (Deputy Headteacher), H.Varley (SENCO)The DSL takes lead responsibility for child protection and wider safeguarding.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns. Out-of-school hours, the DSL can be contacted via the email (Including Operation Encompass alerts) and a personal phone number that is shared with staff.

The DSL can be contacted out of hours, for non-emergencies, using the following email address:

jenny.seabright@alexandrapark.oldham.sch.uk or karen.thompson@alexandrapark.oldham.sch.uk

When the DSL is absent, Karen Thompson is Deputy DSL and will act as cover.

If the DSL and deputy are not available, S.Griffin and H.Varley will act as cover (for example, during out-of-hours/out-of-term activities).

The DSL is given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children’s social care, Channel programme and/or police)

The DSL also keeps the Principal informed of any issues, and liaises with local authority case managers and designated officers for child protection concerns as appropriate.

The DSL is aware that children must have an 'appropriate adult' when speaking with police officers. The full responsibilities of the DSL and deputy are set out in their job description.

5.3 The Local governing body (LGB)

The LGB will approve this policy annually to ensure it complies with the law and hold the Principal to account for its implementation.

A Safeguarding lead governor has been appointed to monitor the effectiveness of this policy in conjunction with the LGB.

The chair of governors will act as the ‘case manager’ in the event that an allegation of abuse is made against the Principal, where appropriate.

All governors will read Keeping Children Safe in Education. Please also refer to section 13.

All governors and trustees should receive appropriate safeguarding and child protection (including online) training at induction, which is regularly updated, to equip them with the knowledge to provide strategic challenge.

5.4 The Principal

The Principal is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of the systems which support safeguarding, including this policy, as part of their induction
- Communicating this policy to parents/carers when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the ‘case manager’ in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate

5.5 The appropriate adult (AA)

How the Police conduct themselves when a person is questioned is covered by the Police and Criminal Evidence Act 1984 (PACE) Code C. In paragraph 1.7 the PACE guidance advises that “The role of the appropriate adult is to safeguard the rights, entitlements and welfare of juveniles and vulnerable persons. It is expected that the AA will support the student to understand what is being said to them, allowing them to participate fully in the process. Where this is a member of staff, this will be reported to the DSL and recorded. In some cases, the AA may be a parent/carer.

6. Confidentiality

6.1 Alexandra Park Junior School has the following principles with regards to sharing information within the School/Pinnacle Learning Trust, our 3 safeguarding partners and other educational providers:

- Timely information sharing is essential to effective safeguarding including for students moving to new school (in-year transfer and/or from Year 6 to a high school) in order to ensure and their staff, know who these students are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that students in this group might face and the additional academic support and adjustments that they could make to best support these students.

- Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- The government's 'Information Sharing Advice for Safeguarding Practitioners' includes 7 'golden rules' for sharing information, and will support the DSL/deputy DSL who have to make decisions about sharing information
- If staff are in any doubt about sharing information, they should speak to the designated safeguarding lead (or deputy)
- Confidentiality is also addressed in this policy with respect to record-keeping in section 12
- The basic safeguarding principle is; if a child is at risk of harm, is in immediate danger or has been harmed, a referral should be made to children's social care and the police

6.2 Policy on the use of interpreters

Parents/carers/siblings of other families will not be used as interpreters for matters relating to safeguarding.

Where possible, leaders will use individual academy and/or Pinnacle Learning Trust staff as interpreters for families and/or children because all Pinnacle Learning Trust staff are duty bound to maintain confidentiality; treat pupils and families with dignity and mutual respect; and have proper and professional regard for the ethos, policies and practices of the school in which they teach.

Where an academy needs to use interpreters from outside of the organisation, the people acting as interpreters are expected to maintain confidentiality and demonstrate regard for the need to safeguard pupils' well-being, in accordance with statutory provisions. External interpreters will be asked to read and sign the following statement/the confidentiality statement in Appendix 5

7. Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

7.1 If a child is suffering or likely to suffer harm, or in immediate danger

Tell the DSL/deputy DSL immediately. The DSL/deputy DSL will then make a referral to children's social care and/or the police if they believe a child is suffering or likely to suffer from harm, or is in immediate danger.

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Type up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it. Typed accounts should be documented on CPOMS or via email and should be signed and dated.

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female

genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 3.

Any member of staff who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and staff will face disciplinary sanctions for failing to meet it.

Unless they have good reason not to, they should also discuss the case with the **DSL/deputy DSL** who will then involve children's social care as appropriate

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out must speak to the DSL and document these concerns in the usual way.

7.4 If you have concerns about a child

Figure 1 on page 7 illustrates the procedure to follow if you have any concerns about a child's welfare. Where possible, speak to the DSL/deputy DSL first to agree a course of action.

If in exceptional circumstances the DSL/deputy DSL is not available, **do not delay** and speak to a member of the senior leadership team for advice.

Early help

If early help is appropriate, the DSL/deputy DSL will lead on liaising with other agencies and setting up an inter-agency assessment as appropriate.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed. All Early Help referrals will be processed through a central referral to the Oldham Multi-Agency Support Hub (MASH).

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL/deputy DSL will make the referral.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL/deputy DSL must follow up with the local authority if this information is not made available ensuring outcomes are properly recorded.

Parents should be informed about a referral which is made about their child unless any of these situations apply, in which case Duty and Advice will make the decision about when and how to inform parents;

- if sexual abuse is suspected
- organised or multiple abuse is suspected
- fabricated or induced illness is suspected
- risk of forced marriage
- contacting the parent will place the child, referrer or others at risk
- the child may be intimidated into changing or preventing them from giving information about the abuse

Schools, as relevant agencies, should be part of discussions with statutory safeguarding partners to agree to the levels for the different types of assessment as part of local arrangements (e.g. Strategy Group meetings). See appendix 4.

If the child's situation does not seem to be improving after the referral, the DSL/deputy DSL must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

All social care referrals will be processed through a central referral to the Duty and Advice Team.

7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action. If in exceptional circumstances the DSL/deputy is not available, do not delay and speak to a member of the senior leadership team for advice.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include Channel, the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which the DSL/deputy DSL and governors can call to raise concerns about extremism with respect to a pupil. An email may also be sent to counter.extremism@education.gov.uk, for emergencies only. Call 999 if:

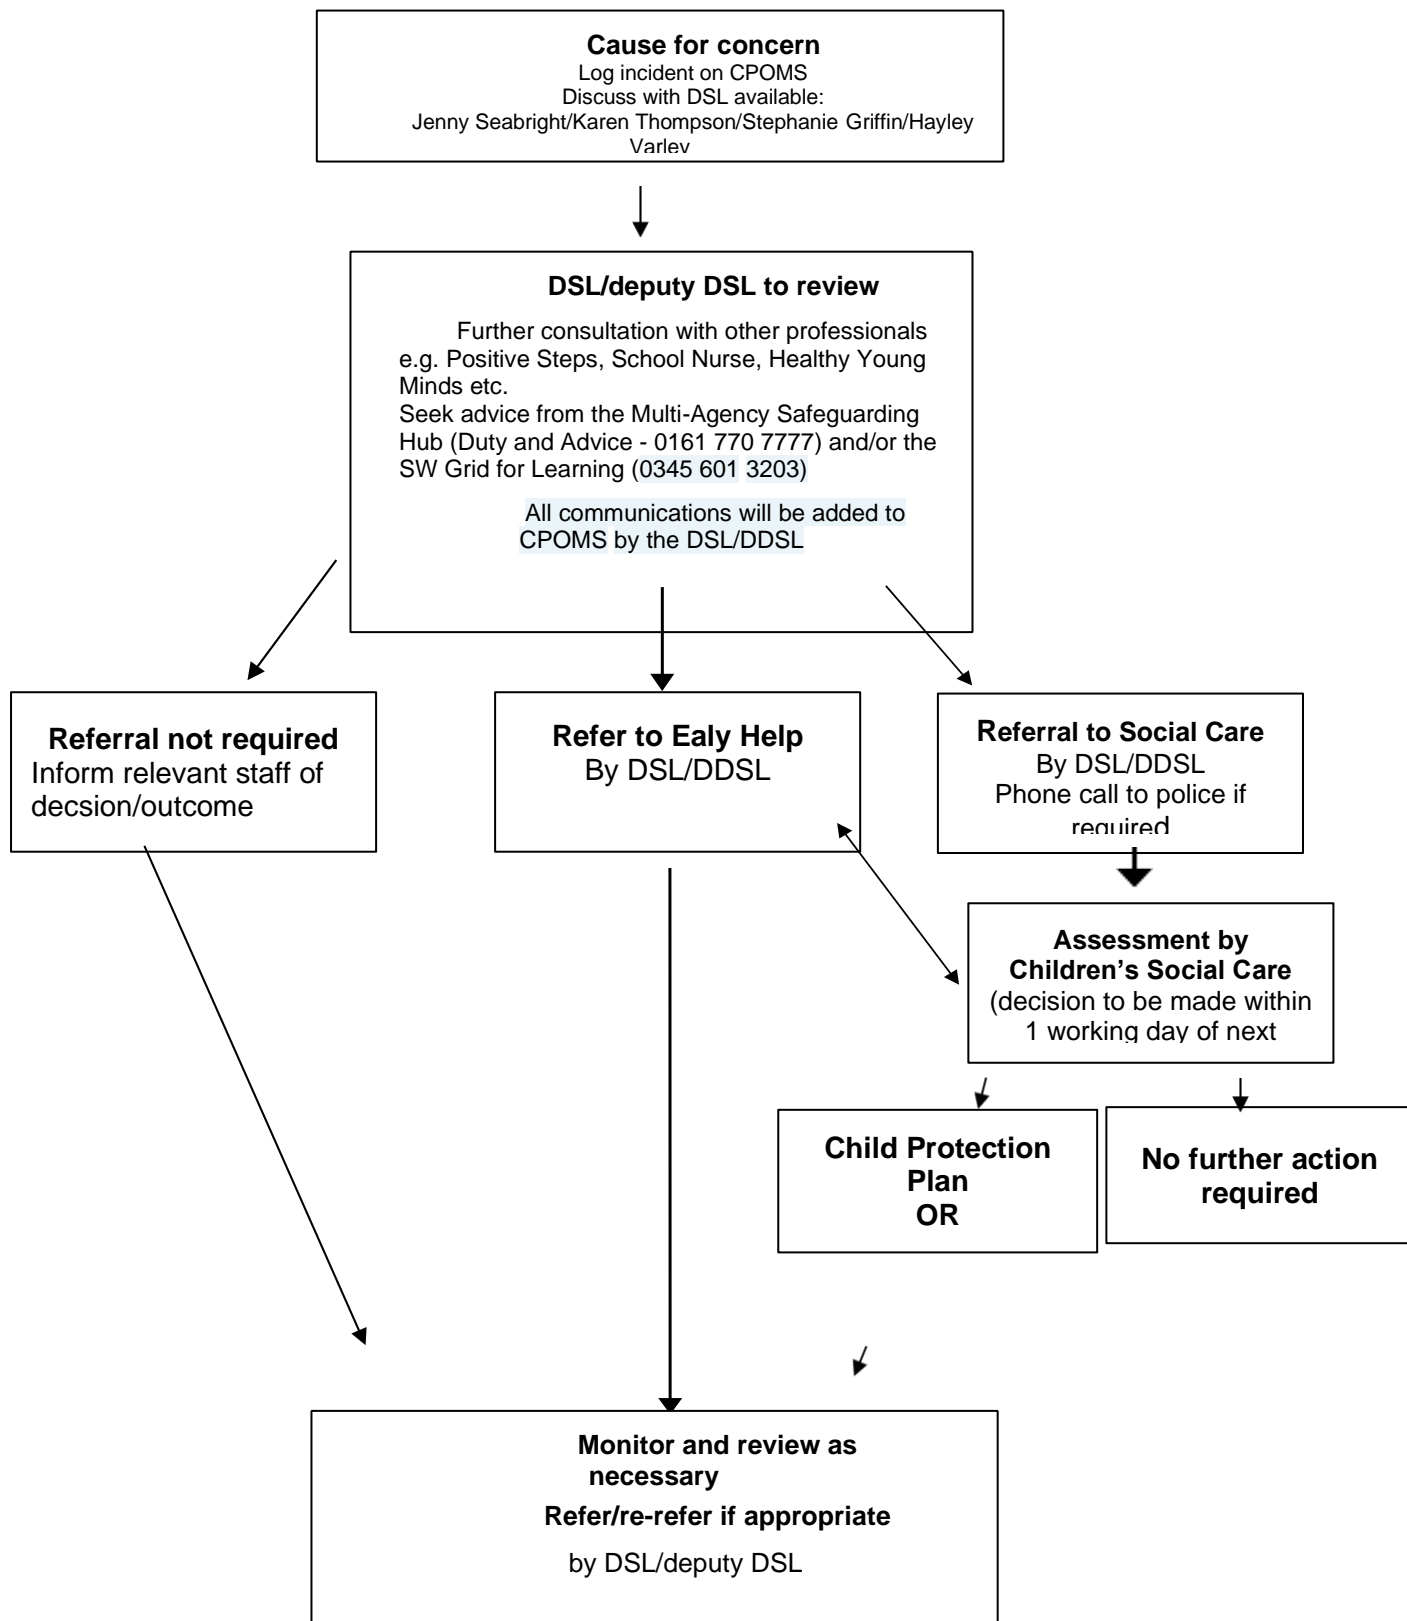

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

7.6 If you have a mental health concern

- Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- Staff are alert to the behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, they are advised to take immediate action by following the steps in section 7.4.
- If you have a mental health concern that is **not** also a safeguarding concern, staff are advised to speak to the DSL in order to agree a course of action.
- Alexandra Park Junior School will always refer to the Department for Education guidance on [mental health and behaviour in schools](#) where more guidance is required.

Figure 1: procedure if you have concerns about a child’s welfare

(Note – if the DSL/deputy DSL is unavailable, this should not delay action!)

NOTE: If staff have any concerns about a child’s welfare they should act on it. They should not assume a colleague or another professional will take action.

7.7 Child Protection Conferences and Core Group Meetings

Members of staff are likely to be asked to attend a child protection conference or other relevant core group meetings about an individual pupil and will need to have as much relevant information about the child as possible. A child protection conference will be held if it is considered that the child/children are suffering or at risk of significant harm.

All reports for a child protection conference should be prepared in advance of the meeting and will include information about the child's physical, emotional, intellectual development and wellbeing as well as related issues. This information will be shared with parents. The report should be completed and returned to the safeguarding team prior to the initial or review conference date, as per usual school should indicate whether or not, at this stage, they believe a child protection plan should be in place.

It's very important that the conference chair has a view from school, particularly on occasions when school are not able to send a representative to the conference meeting.

The Oldham LSCB have requested that The Three Houses Tool is completed with the child or young person to capture the child's voice to bring to the child protection conference.

The school representative will almost certainly be asked by the conference chair for this document.

1. It has been agreed as part of any child protection plan or core group plan.
2. A child subject to a child protection plan is about to be permanently excluded.
3. There is an unexplained absence of a pupil who is subject to a child protection plan of more than two days from school.

7.8 Concerns about a staff member or volunteer

If you have concerns about a member of staff or volunteer, or an allegation is made about a member of staff or volunteer posing a risk of harm to children, speak to the Principal. If the concerns/allegations are about the Principal, speak to the chair of governors.

The Principal/chair of governors will then follow the procedures set out in our Complaints Policy, if appropriate. This incident should also be reported to the LADO by the Principal.

Where you believe there is a conflict of interest in reporting a concern or allegation about a member of staff (including a supply teacher, volunteer or contractor) to the Principal, report it directly to the Local Authority Designated Officer (LADO)

7.9 Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".

We also recognise the gendered nature of child-on-child abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all child-on-child abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and inform the DSL/deputy DSL, but do not investigate it
- The DSL/deputy DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence

- The DSL/deputy DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL/deputy DSL will contact Healthy Young Minds (formerly CAMHS), if appropriate

We will minimise the risk of child-on-child abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent (Relationships and sex education RSE 2020)
- Ensuring pupils know they can talk to staff confidentially and can report this via various online systems (VLE/Epraise, CEOP)
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy
- Having a visible presence of staff on duty at break times, lunchtimes and before/after school
- Ensure the environment is open and visible so that any potential opportunities for child on child abuse are minimised

It is clear to all victims that the law on child-on-child abuse is there to protect them, not criminalise them.

7.10 Sharing of nudes and semi-nudes (also known as 'sexting') Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL/deputy DSL.

Review of incident

Following a report of an incident, the DSL will determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, School, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Principal and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review of incident

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review holding interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through dialing 101 and/or reporting this crime online. The log number is to be recorded.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 12 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE education and computing programmes. Teaching covers the following in relation to the sharing of nudes and semi-nudes:

- What it is (referred to as inappropriate images)
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- Issues of legality
- The risk of damage to people's feelings and reputation Pupils also learn the strategies and skills needed to manage:
- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

7.11 Reporting systems for our pupils

Where there is a safeguarding concern, we will take the child's wishes and feelings into account when determining what action to take and what services to provide.

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any concerns and/or allegations.

To achieve this, we will:

- Put systems in place for pupils to confidently report abuse
- Ensure our reporting systems are well promoted, easily understood and easily accessible for pupils
- Make it clear to pupils that their concerns will be taken seriously, and that they can safely express their views and give feedback

Our reporting systems for pupils include reporting issues confidentially via the Place 2 Talk Boxes positioned around school and a list of people that children can talk to is displayed in frequently used locations throughout the school. In person, pupils can report concerns to any member of staff.

However, children are likely to speak to their class teacher and/or familiar staff as part of an initial conversation

Pupils are aware of the reporting systems and processes through, for example, discussion in PSHE and Computing lessons, through assemblies and through several different permanent displays around the School

It is important that our pupils feel safe in submitting any concerns as reassurances are always provided to them following any disclosures

8. Online safety and the use of mobile technology

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The 4 key categories of risk:

Our approach to online safety is based on addressing the following categories of risk:

1. **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism
2. **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
3. **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi- nudes and/or pornography), sharing other explicit images and online bullying; and
4. **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

To meet our aims and address the risks above we will:

- Educate pupils about online safety as part of our curriculum. For example:
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online
 - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they are a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber- bullying and the risks of online radicalisation. All staff members will receive refresher training at least once each academic year.
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- A focus on reinforcing the importance of online safety, including making parents aware of what you ask children to do online (e.g. sites they need to visit or who they'll be interacting with online). This includes information being available on the school website.

- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will not take pictures or recordings of pupils on their personal phones or cameras
- Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
- Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the [DfE's guidance on searching, screening and confiscation](#)
- Put in place robust Filtering and Monitoring systems to limit student's exposure to the 4 key categories of risk (described above) from the school's IT systems. Alexandra Park Junior School uses Content Filtering which is managed by ZEN and the service is provided by the FortiGATE firewall.
- Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community.

9. Preventative education

Schools play a crucial role in preventative education. This is in the context of a whole-school approach to preparing pupils for life in modern Britain and a culture of zero tolerance to sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment. This is underpinned by:

- Our Expectation for Learning Policy
- Our pastoral support system- including our work with external agencies
- Our planned programme of PHSE delivered weekly, tackling issues such as: healthy relationships; friendships; different families; recognising and valuing diversity; bullying; boundaries; consent; body confidence and image; stereotyping; and sexual harassment
- Our planned programme of Computing delivered weekly, tackling issues such as: online safety and managing personal information; how to communicate online; cyber security; online relationships (including cyber-bullying); how to stay safe online; and how to evaluate the reliability of online information.
- A range of assemblies and/or enrichment days/weeks/events to promote safeguarding for children. These include Anti-bullying Week and Safer Internet Day. These activities will be complemented by further enrichment activities to meet an identified need and/or address an issue that affects children locally and/or nationally.

9.1 Curriculum coverage

Children at Alexandra Park Junior School are taught about how they can keep themselves and others safe, including online. To be effective, we present this information in an age-appropriate way using the Resources from One Decision through our carefully planned Relationships and Health Education. For a targeted approach the ELSA (Emotional Literacy Support) resources are used which are bespoke to the need of the child. We are sensitive to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special educational needs or disabilities.

The programme is fully inclusive and covers the following issues:

- healthy and respectful relationships

- boundaries and consent
- stereotyping, prejudice and equality
- body confidence and self-esteem

Children and young people are encouraged to express and discuss their ideas, thoughts and feelings through a variety of activities and have access to a range of cultural opportunities which promote the fundamental British values of tolerance, respect, understanding and empathy for others. There is access to a range of extra-curricular activities, information and materials from a diversity of sources which not only promotes these values but supports the social, spiritual, moral well-being and physical and mental health of the pupils.

Alexandra Park Junio School takes account of the latest advice and guidance provided to help address specific vulnerabilities and forms of exploitation e.g. CSE, Radicalisation and Extremism, Forced Marriage and FGM.

Healthy Schools

Alexandra Park Junior School will work with partners to ensure that our curriculum promotes a whole healthy school approach with the aim of:

- Developing a school ethos, culture, spiritual, moral, social and cultural (SMSC) development provision and environment which encourages a healthy lifestyle for all pupils, including the vulnerable;
- Ensuring that food and drink available across the school day reinforce the healthy lifestyle message;
- Providing high quality Physical Education (PE) and sport to promote physical activity;
- Working in partnership with parents/carers, local communities, external agencies and volunteers to support the health and wellbeing of all pupils including the vulnerable.

10. Notifying parents and carers

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL/deputy DSL will normally do this in the event of a suspicion or disclosure.

Other staff, such as Phase Leaders or other members of the Senior Leadership Team, will only talk to parents about any such concerns following consultation with the DSL/deputy DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, the DSL/deputy DSL will notify the parents of all the children involved.

11. Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for pupils with SEN and disabilities including specialist work with our special Educational Needs Coordinator (SENCO) and/or other agencies. We also have access to specialist external services for SEN pupils as and when required, including the Oldham QEST (Quality of Education Support Team), Speech and Language Therapist and Educational Psychologist Service.

12. Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL/Deputy DSL, pastoral care team and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- › Responding to unauthorised absence or missing education where there are known safeguarding risks
- › The provision of pastoral and/or academic support

13. Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- › Appropriate staff have relevant information about a child's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- › The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, (Karen Thompson) who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- › Ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- › Work with the virtual school headteacher to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

14. Complaints and concerns about school safeguarding policies

14.1 Low-Level Concerns

The School will follow the Trust low level concerns process, as outlined in the appendix.

Transferable risk

Allegations that may meet the harms threshold can also relate to incidents and/or behaviour that happens outside of school/work. This includes behaviour that may have happened outside of school or school, that might make an individual unsuitable to work with children, this is known as **transferable risk**.

Where appropriate, an assessment of transferable risk to children with whom the person works should be undertaken. If in doubt, advice would be sought from the local authority designated officer (LADO).

It is important that policies and procedures make clear to whom allegations should be reported and that this should be done without delay. A "case manager" will lead any investigation. This will be either the principal, or, where the principal is the subject of an allegation, the chair of governors.

14.2 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see Complaints Policy).

The School will consider whether any member of staff has behaved or may have behaved in a way that indicates they may not be suitable to work with children. This may include incidents of domestic abuse or other incidents not involving children.

Whilst schools are not the employer of supply teachers, at Alexandra Park Junior School we will ensure all allegations are dealt with properly.

For further information, please refer to the Trust Disciplinary Policy.

14.3 Other complaints

Safeguarding-related complaints regarding pupils will be handled by the Principal and/or DSL who will in turn involve any other School staff or external agencies where relevant.

Complaints relating to our premises will be handled by the Principal with the involvement/support of the Pinnacle Trust Estates Team.

14.4 Governors and Trustees

If an allegation is made against a Governor or Trustee, including incidents that may have happened outside of school or college, which might make an individual unsuitable to work with children, known as transferable risk, advice will be sought from the local authority designated officer (LADO) and reference made to KCSIE. Where an allegation is substantiated, it may lead to consideration of whether the Governor or Trustee should be removed from office. The decision would be made by the CEO and relevant Academy Principal along with the Chair of the relevant LGB or Trust Board only when full consideration to the allegation has been reviewed and appropriate advice sought. This may also be a temporary measure, whilst external investigations are taking place. In all cases, the school or college will be cooperative and will work with the LADO or relevant external organisations as necessary, following advice and guidance.

The Governor or Trustee will be kept informed about the situation as appropriate and any decision to remove from office will be confirmed in writing, explaining the reason for the dismissal.

14.5 Whistle-blowing

Where a staff member feels unable to raise an issue with the DSL or Principal, or feels that their genuine concerns are not being addressed, external whistleblowing channels are open to them:

The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

For information about how the school will respond to such concerns and what protection is available to staff who report another member of staff, please refer to the Trust's Whistleblowing Policy.

15. Record-keeping

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing and using our online recording system CPOMS.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely on CPOMS and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for 7 years after the child has left education. This is typically to the age of 25.

Safeguarding records which contain information about allegations of sexual abuse will be retained for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry.

If a child for whom the school has, or has had, safeguarding concerns transfers to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

Alexandra Park Junior School shares information with other agencies when this is appropriate, in line with our local safeguarding procedures. Information shared via email is done so using the encryption service EGRESS and via CPOMS for schools that use this system.

In addition:

- Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks

16. Training

16.1 All staff

All staff members undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect.

This training will be regularly updated and will:

- Be integrated, aligned and considered as part of our whole-school safeguarding approach and wider staff training, and curriculum planning
- Be in line with advice from our 3 local safeguarding partners
- Have regard to the Teachers' Standards to support the expectation that all teachers:
 - Manage behaviour effectively to ensure a good and safe environment
 - Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff also receive regular safeguarding and child protection updates (for example, through emails and staff briefing) as required.

Contractors will also receive a safeguarding information document on arrival to the School.

Volunteers will receive appropriate training, if applicable to their role.

16.2 The DSL and deputy DSL

The DSL/deputy DSL will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through LSCB meetings/email group, Safeguarding and Wellbeing forum groups and keeping up-to-date with the latest safeguarding developments).

They will also undertake Prevent Awareness training.

16.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

16.4 Recruitment – interview panels

At least one person conducting an interview for a post at the school will have undertaken safer recruitment training. This ensures that as a minimum, the contents of the Department for Education’s statutory guidance and Keeping Children Safe in Education is covered, and is in line with local safeguarding procedures.

17. Maintaining professional conduct and boundaries

Mobile phones and cameras

Staff are allowed to bring their personal phones/ cameras to school for their own use, but these should remain in their bags or cupboards during contact time with students unless used specifically for educational purposes or for school business.

Alexandra Park Junior School follows the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

Use of mobile phones by students in classrooms is not allowed and, again, should only occur if students are instructed to do so for specific tasks.

Parents are generally prohibited from taking any photos of children in the school setting but for special events, such as school performances, may do so on the understanding that the images are not posted on social media sites or otherwise shared.

Parental permission is sought when photographs are taken of children linked to the teaching of the curriculum.

Professional Boundaries:

Maintaining appropriate staff/student boundaries and relationships

This section looks briefly at the expectations of staff at the school in relation to appropriate professional boundaries. Adults in positions of authority have a duty to ensure that when working with young people they are aware of their duty to ensure the safety of both themselves and those they work with.

The Teachers’ Standards explicitly reference the requirement for teachers to ‘uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school’.

Specifically:

A teacher must maintain good relationships with pupils, exercise appropriate authority, and act decisively when necessary

Teachers uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school, by treating pupils with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher’s professional position

The Trust Code of Conduct is also explicit in relation to boundaries. Specifically, the following sections:

Professional boundaries and relationships

Professional conduct and personal integrity

Staff should also be mindful of the above in respect of former students who they have worked with in a professional context. Whilst there may not be a criminal element to any such relationship, this could be considered inappropriate given the previous ‘position of trust’ factor.

Professional Boundaries – RAISING YOUR AWARENESS

Professional boundaries are breached when a staff member misuses their authority or control in their relationship with a student. Conduct that breaches those boundaries is often easily recognisable. However, there may be some conduct where the boundary breach is less obvious and it is your responsibility to establish and maintain professional boundaries with students.

When interacting with students, think carefully about the implications and potential consequences. For example, where a staff member may become a confidante or counsellor of a student (where it is not part of their role) a relationship is created which can blur the staff–student relationship and the roles are less defined.

Sometimes, students can intentionally or unintentionally cross boundaries with staff, such as in the way they speak or by initiating inappropriate contact, perhaps via social media. In such circumstances it is important for the staff member to remove themselves from any inappropriate contact or conversation. Outside of the workplace a staff member may have to manage a private or professional relationship with a student, such as in extra-curricular activities or as a sports coach. You are always in a position of trust and authority with students and your conduct should remain professional, no matter what the setting.

18. Monitoring arrangements

This policy will be reviewed **annually** by the Senior Leadership Team. After every review, it will be approved by the Local Governing Body (LGB).

19. Links with other policies

This policy links to the following policies and procedures:

- Behaviour and Anti-Bullying
- Emotional and Mental Wellbeing
- SEND
- Relationships and Sex Education
- Equality Information Statement
- Staff Code of Conduct
- Complaints
- Health and Safety
- Attendance and punctuality
- E-Safety and ICT Acceptable Use
- Supporting pupils with medical conditions
- Accessibility
- Invacuation & Lockdown
- Educational Visits
- Trust Online Search Protocols

These appendices are based on the Department for Education's statutory guidance, *Keeping Children Safe in Education 2024*.

Appendix 1: types of abuse

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of it and of their school or college's policy and procedures for dealing with it.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs

Appendix 2: safer recruitment and DBS checks – policy and procedures

HR Safer Recruitment and DBS Checks

We will record all information on the checks carried out in the school's single central record (SCR). We follow requirements and best practice as set out below. The recruitment steps outlined below are based on part 3 of Keeping Children Safe in Education. Searches will not be carried out on current members of staff, unless they apply for a position within the Trust.

Safer recruitment- reporting to Governors

Governors and Trustees are aware of the procedures for Safer Recruitment (as outlined in Appendix 2 of the Child Protection and Safeguarding Policy). Governors will assure themselves that leaders have followed these procedures by discussing and minuting the Safer Recruitment processes either before or after staffing appointments are made. The Safeguarding Link Governor would usually take a lead in this process, but all Governors can seek assurances that Safer Recruitment policy and procedures are implemented.

New staff

When appointing new staff, we will:

- Consider carrying out an online search on shortlisted candidates to help identify any issues that are publicly available online
- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below).
- Obtain a separate children's barred list check if they will start work in regulated activity before the DBS certificate is available and carry out a risk assessment.
- Verify the candidate's mental and physical fitness to carry out their work responsibilities
- Verify the person's right to work in the UK, including EU nationals. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years after the employment has ceased. We aim to follow the guidance provided on the gov.uk website
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before the interview, where possible. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with young people.

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in relevant conduct; or
- The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009; or
- The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board will have their DBS check countersigned by the secretary of state. All

proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under section 128 of the Education and Skills Act 2008).
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative/Collaborative provision settings

Where we place a pupil with an alternative/Collaborative provision provider, Positive Steps Oldham will liaise with the provider(s) to ensure they have carried out the appropriate safeguarding checks on individuals working there. This information will be shared with Alexandra Park Junior School.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that the policies and procedures of the provider are shared with the school before the placement begins, to ensure they are in place to protect children from harm.

Appendix 3: specific safeguarding issues

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Domestic Abuse

The cross-government definition of domestic violence and abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Children who witness domestic abuse are also victims.

Witnessing domestic abuse can have a lasting impact on children. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Older children may also experience domestic abuse and/or violence in their own personal relationships.

Operation Encompass

Operation Encompass operates in the majority of police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the

domestic incident, the police will inform the key adult (usually the designated safeguarding lead) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable support to be given to the child according to their needs. Police forces not signed up to operation encompass will have their own arrangements in place.

National Domestic Abuse Helpline

Refuge runs the National Domestic Abuse Helpline, which can be called free of charge and in confidence, 24 hours a day on 0808 2000 247. Its website provides guidance and support for potential victims, as well as those who are worried about friends and loved ones.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of child sexual abuse that occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL/deputy DSL. The DSL/deputy DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education

Child Criminal Exploitation

CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence.

The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology. CCE can include children being forced to work in cannabis factories, being coerced into moving drugs or money across the country (e.g. County Lines; see below), forced to shoplift or pickpocket, or to threaten other young people. Some of the following can be indicators of CCE:

- Children who appear with unexplained gifts or new possessions
- Children who associate with other young people involved in exploitation
- Children who suffer from changes in emotional well-being
- Children who misuse drugs and alcohol
- Children who go missing for periods of time or regularly come home late and
- Children who regularly miss school or education or do not take part in education.

County Lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of “deal line”.

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children’s homes and care homes.

Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child’s welfare.

The DSL/deputy DSL will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL/deputy DSL will also make a referral to children’s social care.

So-called ‘honour-based’ abuse (including FGM and forced marriage)

So-called ‘honour-based’ abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Being unexpectedly absent from school
 - Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime and the legal age will rise from 16 to 18 from February 2023 after the introduction of the Forced Marriage Act 2023. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person

to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will immediately report this to the DSL/deputy DSL.

The DSL/deputy DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer (LADO)
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmf@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Serious violent crime

Key indicators that may signal that children are at risk from, or are involved with, serious violent crime include:

- Unexplained gifts or new possessions - these can indicate that children have been approached by or involved with individuals associated with criminal networks or gangs
- Increased absence from school
- Change in friendship or relationships with others or groups
- Significant decline in performance
- Signs of self-harm or significant change in wellbeing
- Signs of assault or unexplained injuries

Staff should also be aware of the associated risks and understand the measures in place to manage them.

Sexual violence

It is important that school and School staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way.

When referring to sexual violence we are referring to sexual violence offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent?

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual harassment

When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names
- sexual "jokes" or taunting
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (schools and Schools should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:
 - non-consensual sharing of sexual images and videos
 - sexualised online bullying
 - unwanted sexual comments and messages, including, on social media
 - sexual exploitation; coercion and threats and
 - upskirting

Schools should consider intra familial harms and any necessary support for siblings following a report of sexual violence and/or harassment.

Sexual violence and sexual harassment between children in schools

Sexual violence and sexual harassment can occur:

- Between 2 children of any age and sex
- Through a group of children sexually assaulting or sexually harassing a single child or group of children ➤ Online and face to face (both physically and verbally)

Sexual violence and sexual harassment exist on a continuum and may overlap.

Sexualised behaviour and sexual related behaviour (the use of sexual name calling, use of sexualised language and swearing, incidents relating to pornography) may be considered sexual harassment and the incident should be investigated by a Designated Safeguarding Lead and/or Senior Leader.

The sharing of nude images is a separate category.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

If a victim reports an incident, it is essential that staff make sure they are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

Some groups are potentially more at risk. Evidence shows that girls, children with SEN and/or disabilities, and lesbian, gay, bisexual and transgender (LGBT) children are at greater risk:

- These children can be targeted by other children

- It's vital schools provide a safe space for these children to speak out and share their concerns with members of staff

Staff should be aware of the importance of:

- Challenging inappropriate behaviours
- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate. In particular, section 7.8 and 7.9 set out more detail about our school's approach to this type of abuse.

Children who have experienced sexual violence can display a wide range of responses, so schools should remain alert to the possible challenges of detecting those signs and show sensitivity to their needs.

Where there is an incident involving sexual violence, sexual assault, sexual harassment, sexualised behaviour and/or sexual related behaviour, parents/carers will be required to discuss the matter with a Senior Leader and/or DSL. Where possible, these meetings should be held in person and involve the perpetrator so that they can be educated on what is appropriate behaviour.

The parents/carers of the victim must also be informed of the incident and support will be offered, as appropriate, to the victim.

Child-on-Child abuse

Child-on-child abuse is when children abuse other children. This type of abuse can take place inside and outside of school and online.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- Abuse in intimate personal relationships between peers
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sharing of nudes and semi nudes images and/or videos (also known as sexting or youth produced sexual imagery)
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic messages; the non-consensual sharing of indecent images, especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

If staff have any concerns about child-on-child abuse, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate. In particular, section 7.8 and 7.9 set out more detail about our school's approach to this type of abuse.

Upskirting

The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. 'Upskirting' is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and/or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL/deputy DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website 'Educate Against Hate' and charity 'NSPCC' say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL/deputy DSL.

Staff should **always** take action if they are worried.

The Prevent duty

All schools and Schools are subject to a duty under section 26 of the Counter Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”.

This duty is known as the Prevent duty. The Prevent duty should be seen as part of schools’ and Schools’ wider safeguarding obligations.

Channel

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism.

Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school or School may be asked to attend the Channel panel to help with this assessment.

An individual’s engagement with the programme is entirely voluntary at all stages.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the School. Visitors should be ready to produce identification.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- › Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- › The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

Visitors are expected to sign the visitors’ book and wear a visitor’s lanyard/badge:

- The lanyard will be green for visitors that have issued their DBS and
- The lanyard will be red for visitors that have not issued their DBS

All other staff wear a blue lanyard in the School to differentiate between visitors.

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, parents/carers will be contacted immediately and all efforts will be

made to contact the child, including through the use of their mobile phone/online social media accounts if possible. When it is deemed reasonable and given an appropriate timescale, the school will contact 101 to report the child as missing from school, obtaining a log/reference number.

Appendix 6 : Categorising incidents that are sexual related, sexual violence and/or sexual harassment. Agreed June 2023

This guidance has been devised in order to provide clarity on how to categorise incidents involving sexual related behaviour, sexual violence and/or sexual harassment.

In order to create consistency in decision making among DSLs, these categorisations will relate to the Brook traffic light system (see link below).

https://proceduresonline.com/trixcms2/media/14391/brook_traffic_light_tool.pdf

When there is an incident involving sexual related behaviour, sexual violence and/or sexual harassment, DSLs should be informed immediately and **recognise that the age of the child will affect whether a behaviour is deemed to be:**

-Green- behaviours that reflect safe and healthy sexual development. They are: displayed between children or young people of similar age or developmental ability reflective of natural curiosity, experimentation, consensual activities and positive choices

- Green behaviours provide opportunities to give positive feedback and additional information
- Where a green behaviour occurs, it is likely to be categorised as 'Sexual related behaviour' but DSLs should discuss this with another DSL trained person (in school or DSL within The Pinnacle Learning Trust) to agree this.
- Most 'green' behaviours will require the DSL to have a discussion with parents/carers to explain what has happened and may involve the parents/carers of other children involved.

-Amber- behaviours that have the potential to be outside of safe and healthy behaviour. They may be: of potential concern due to age, or developmental differences of potential concern due to activity type, frequency, duration or context in which they occur

- Amber behaviours signal the need to take notice and gather information to assess the appropriate action
- Where an amber behaviour occurs, it could be categorised as 'Sexual related behaviour' (Eg. Age 0-5 years- talking about sexual activities seen on TV/online) but may constitute 'Sexual violence' (Eg. Age 9 -13 years physical or cyber/virtual sexual bullying involving sexual aggression)
- DSLs should discuss this with another DSL trained person (in school or DSL within The Pinnacle Learning Trust) and should seek further advice from the Oldham MASH telephone triage service on 0161 770 7777
- **ALL 'amber' behaviours will require the DSL to have a discussion with parents/carers to explain what has happened and may involve the parents/carers of other children involved.**

-Red- behaviours are outside of safe and healthy behaviour. They may be: excessive, secretive, compulsive, coercive, degrading or threatening involving significant age, developmental, or power differences of concern due to the activity type, frequency, duration or the context in which they occur

- Red behaviours indicate a need for immediate intervention and action
- Where a red behaviour occurs, it could be categorised as 'Sexual related behaviour', 'Sexual violence' and/or 'Sexual harassment'. DSLs should use the definitions set out in the Child Protection and Safeguarding Policy to determine what category to use and DSLs should discuss this with another DSL trained person (in school or DSL within The Pinnacle Learning Trust).
- **ALL 'red' behaviours will require the DSL to have a discussion with parents/carers to explain what has happened and may involve the parents/carers of other children involved.**
- Where a 'red' behaviour occurs, it is likely to meet the threshold for Social Services involvement and/or Police involvement. DSLs should seek further advice from the Oldham MASH telephone triage service on 0161 770 7777 to know how to respond to incidents of this type.

***Please note that staff should seek further advice and guidance from the DSLs in their academy to understand how these categories can/should relate to responding to incidents that involve SEND learners as perpetrators. It may be necessary for the DSL to discuss this with the Duty and Advice Team (MASH).**

Appendix 7: Academy Safeguarding Policy Reporting Low Level Concerns as part of Keeping Children Safe in Education

1. INTRODUCTION

The Pinnacle Learning Trust believes that creating a culture in which all concerns about adults (including allegations that do not meet the harms threshold as outlined in Keeping Children Safe in Education) are shared responsibly and with the right person, recorded and dealt with appropriately, is critical.

Implemented correctly, this should encourage an open and transparent culture; enable the Trust to identify concerning, problematic or inappropriate behaviour early; and minimise the risk of abuse. A culture of vigilance will help to ensure that adults working in or on behalf of the Trust are clear about professional boundaries and act within these boundaries, and in accordance with the ethos and values of the institution.

Any behaviours that fall short of the guiding principles outlined in the Keeping Children Safe in Education (KCSIE) guidance must be shared responsibly and with the right person. All concerns that do not meet the harm threshold must be recorded and dealt with appropriately as a low-level concern.

Reference to 'child' or 'children' in this document, includes students regardless of their age, including those over 18.

2. POLICY STATEMENT

2.1 What is a Low-level concern? (Taken from KCSIE)

The term 'low-level' concern does not mean that it is insignificant, it means that the behaviour towards a child does not meet the threshold set out at paragraph 338.

A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or school may have acted in a way that is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and • does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

- being over friendly with children;
- having favourites;
- taking photographs of children on their mobile phone;
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or,
- using inappropriate sexualised, intimidating or offensive language.

Such behaviour can exist on a wide spectrum, from the inadvertent or thoughtless or behaviour that may look to be inappropriate, but might not be in specific circumstances, through to that which is ultimately intended to enable abuse.

It is crucial that any such concerns, including those which do not meet the harm threshold (see Part Four - Section one of KCIS), are shared responsibly and with the right person, and recorded and dealt with appropriately. Ensuring they are dealt with effectively should also protect those working in or on behalf of schools and schools from potential false allegations or misunderstandings

2.2 What Academy staff should do if they have concerns about safeguarding practices within the Academy

Low-level concerns about a member of staff, supply staff, volunteer or contractor should be reported. Reports about supply staff and contractors should be notified to their employers, so any potential patterns of inappropriate behaviour can be identified.

All staff and volunteers should raise concerns about poor or unsafe practice and potential failures in the Academy's safeguarding regime and know that such concerns will be taken seriously by the senior leadership team.

The Trust Whistleblowing procedures should be followed where a staff member feels unable to raise an issue with their employer, or feels that their genuine concerns are not being addressed.

2.3 Reporting the concern

If staff have safeguarding concerns or an allegation is made to them about another member of staff (including supply staff, volunteers, and contractors) posing a risk of harm to children, then this should be referred to the Academy Principal.

Where there are concerns/allegations about the Principal, this should be referred to the Executive Principal. Where there are concerns/allegations about the Executive Principal, this should be referred to the Chair of the Trust Board.

If the concern has been raised via a third party, the Principal should collect as much evidence as possible by speaking:

- Directly to the person who raised the concern, unless it has been raised anonymously;
- To the individual involved and any witnesses.

The information collected will help them to categorise the type of behaviour and determine what further action may need to be taken.

2.4 How to respond to the concern

The Principal, or designated alternative, will respond to any low-level concerns by completing a Low-Level Concerns Form (Appendix A). Sections 1-4 of the form should be completed with the person who is raising the concern, in order to gather all of the information. The record should include details of the concern, the context in which the concern arose, and action taken. The name of the individual sharing their concerns should also be noted. If the individual wishes to remain anonymous then that should be respected as far as reasonably possible.

Once the information has been gathered, the Principal will need to determine if the concern meets the harms threshold as outlined in Section 1 of Part 4 of the Keeping Children Safe in Education (KCSIE).

If the Principal reaches a decision that the concern does not meet the harms threshold, this will be treated as a 'low level concern' and the following process will be followed:

Meet the individual about whom concerns have been raised and any witnesses

As part of the investigation, the Principal should speak to the individual concerned about the concerns that have been raised and will allow them the opportunity to respond. Sections 5-9 of the Low-Level Concerns Form (Appendix A) will be completed.

It may be necessary as part of the investigation to speak to any relevant witnesses. Witnesses can give important evidence that might help decide the outcome. Details of any witness statements should also be recorded in section 5 of the Low-Level Concerns Form.

Outcome of the investigation

To reach a decision, it is important the Principal considers the initial concern and the response provided by the individual about whom the concern was raised, together with any information provided by witnesses, if appropriate. Consideration should also be given to whether a low-level concern or other safeguarding concerns have been raised about the individual previously. Once the Principal has considered all of the information, they should determine if the concern is still deemed to be low level or if it should now be treated as an allegation against staff and managed in accordance with KCSIE Section 1 of Part 4. The reasons for reaching the conclusion, including the advice provided by any discussions with the Safeguarding Lead, HR and the LADO, should be recorded in Section 7 of the Low-Level Concerns Form.

Once the investigation and conclusion has been determined, details of any further action that is required will be outlined in section 9 of the Low-Level Concerns Form. The individual concerned will receive, in writing, the outcome and any further actions determined by the Principal. A copy of the letter and the Low-Level Concerns Form will be kept in the Academy Central Safeguarding Confidential File, and a reference to the record should be kept on the individual's HR file.

2.5 Duration of keeping a record of a Low-Level Concern

Records will only be kept for the duration of employment.

2.6 Review of concerns raised

The Low-Level Concerns file should be reviewed by the Principal at least annually, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, the Principal should decide on a course of action, which could be managed through its disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold, a referral to the LADO will be made. HR advice should be sought for the correct guidance and process.

Consideration should also be given to whether there are wider cultural issues within the Academy that enabled the behaviour to occur and where appropriate policies should be revised or extra training delivered to minimise the risk of it happening again.

2.7 References

In Part three of the Keeping Children Safe in Education guidance it outlines that references should include substantiated safeguarding allegations. Low level concerns must not be included in references unless they relate to issues which would normally be included in a reference, for example, misconduct or poor performance. It follows that a low-level concern which relates exclusively to safeguarding (and not to misconduct or poor performance) should not be referred to in a reference. However, where a low-level concern (or group of concerns) has met the threshold for referral to the LADO and found to be substantiated, it should be referred to in a reference.

3 RESPONSIBILITIES AND COMPLIANCE

The Chief Executive Officer has overall responsibility for maintaining the safeguarding provision across the Trust.

The Academy Principals have overall organisation, control and management within their Academy. They are responsible for ensuring that safeguarding concerns are investigated in accordance with the Academy Safeguarding Policy and low-level concerns procedures.

The Academy Safeguarding Leads will review the appendix annually when updating the Academy Safeguarding Policy and will agree to any amendments with the Trust Head of HR. The procedures may be updated at other times when legislation or Trust/Academy practice requires changes to be made.

Appendix A – Low-Level Concerns Form

This document should be used when ‘low level’ concerns as defined in Section 2 of Part 4 of Keeping Children Safe in Education 2021 are reported. This document does not replace suspension/formal disciplinary investigations in the event that concerns are either categorised as more serious than low level or when formal disciplinary procedures are required in relation to the low-level concern.

1. Name of individual raising the concern Leave blank if concern was raised anonymously or the individual wishes to remain anonymous	
2. Date the concern was raised	
3. Name and role of individual about whom concern has been raised	
4. Details of the concern(s) reported (give description and context) A ‘low level’ concern is any concern - no matter how small, even if no more than causing a sense of unease or a ‘nagging doubt’ – that an adult may have acted in a way that is inconsistent with the staff code of conduct but does not meet the allegations threshold set out in Section 1 of Part 4.	
5. Details of steps that have been taken to investigate this concern Steps should include speaking to the individual who raised the concern, the individual about whom the concern is raised and any witnesses. Review the Code of Conduct and Safeguarding Policies to determine if there has been a breach.	
6. Set out the response to the concern	

<p>7. Is this concern 'low level' or should it be treated as an allegation against staff and managed in accordance with Section 1 of Part 4?</p> <p>To reach this decision, consider the information set out in 5 and 6 above. If you are unsure, seek advice from the Safeguarding Lead, HR or discuss the matter with the LADO. Set out the reasons for reaching the conclusion, including the advice provided by the advisors and any discussions with the LADO</p>	
---	--

<p>8. Have 'low level' or other concerns been raised about this individual previously?</p> <p>If so, please provide dates, brief details and relevant file/document reference for the concern(s). Also consider whether previous concern(s) raised coupled with this new concern meet the threshold set out in Section 1 of Part 4.</p>	Yes [<input type="checkbox"/>] No [<input type="checkbox"/>]
<p>9. Details of further action required</p> <p>Action could range from no action or a conversation to discuss the concern, to being clear why the behaviour is concerning and formal disciplinary action.</p>	
<p>Completed by:</p>	Name: <input style="width: 90%;" type="text"/> <hr/> Position: <input style="width: 90%;" type="text"/>
<p>Date:</p>	<input style="width: 100%;" type="text"/>
<p>Signature:</p>	<input style="width: 100%; height: 40px;" type="text"/>

This record will be held securely in accordance with the PLT Low Level Concerns Appendix as part of the Academy Safeguarding Policy. Please note that low-level concerns will be treated in confidence as far as possible, but The Pinnacle Learning Trust may in certain circumstances be subject to legal reporting requirements or other legal obligations to share information with appropriate persons, including legal claims and formal investigations.

A copy will be retained in a central safeguarding confidential file and also reference made to the individual having a record on their HR file. Records will only be kept for the duration of employment.

Safeguarding and Health and Safety Information for Visitors, Contractors and Stakeholders

Welcome to Alexandra Park Junior School

At our school we are committed to ensuring that all our pupils achieve their full potential and become lifelong learners. Our enthusiastic and dedicated staff provide a well planned and challenging education of a high standard. We celebrate diversity and teach children to recognise and respect people's differences as well as similarities

“To learn, be happy and achieve our best”

This booklet is designed to help you best serve the needs of our pupils and to ensure you have a safe visit to our school.

Safeguarding

Alexandra Park Junior School is committed to safeguarding and promoting the welfare of pupils and expects all staff, volunteers, contractors and visitors to share this commitment.

All visitors must make themselves familiar with the latest version of 'Keeping Children in Safe in Education Part 1'. This document is available on request from the office.

We will endeavour to safeguard children by:

- Valuing them, listening to and respecting them
- Adopting child protection guidelines through procedures and a code of conduct for staff and volunteers
- Recruiting staff and volunteers safely ensuring all necessary checks are made
- Sharing information about child protection and good practice with children, parents, staff and volunteers
- Sharing information about concerns with agencies who need to know, and involving parents and children appropriately

We recognise that some children may be victims of neglect, physical, sexual or emotional abuse – and all our staff are well placed to identify such abuse and offer support to children in need.

Rules of confidentiality mean that it may not always be possible or appropriate to feedback to staff who report concerns to them.

We recognise that all matters relating to child protection are confidential. The Headteacher or Designated Person will disclose personal information about a pupil to other members of staff on a 'need to know' basis only.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being, or that of any other.

If you have a concern that a child is being harmed or is at risk of harm or if you receive a disclosure (intentionally or unintentionally) you must contact the Designated Safeguarding Lead (The Headteacher).

If you have any concerns or worries, please tell one of the following members of staff immediately.

- **Senior Designated Person for Child Protection (Headteacher) – Jennifer Seabright (0161 770 8321)**
- **Deputy Designated Person for Child Protection (Deputy Headteacher) – Stephanie Griffin (As above)**
- **Nominated Governor for Child Protection – P.Widall**

Useful Numbers if the above members of staff are not available

- **Multi agency Safeguarding Hub (MASH) Work Hours 9-5pm – 0161 770 7777**
- **Emergency Duty Team (Out of Hours) 0161 770 6936**

- **Police uniformed 101**
- **Forced Marriage Unit 020 7008 0151**
- **Local Authority Designated Office (LADO) 0161 770 8870**
- **CEOP website ceop.police.uk**
- **Prevent Officer (David Bull)-770 4196**

Alexandra Park Junior School's Code of Conduct

All staff, volunteers, contractors and visitors are expected to adhere to a code of conduct in respect of their contact with pupils and their families.

Children will be treated with respect and dignity and no punishment, detention, restraint, sanctions or rewards are allowed outside of those detailed in the behaviour policy.

Whilst it would be unrealistic and undesirable to preclude all physical contact between adults and children, staff are expected to exercise caution and avoid placing themselves in a position where their actions might be open to criticism or misinterpretation.

Where incidents occur which might otherwise be misconstrued, or in the exceptional circumstances where it becomes necessary to physically restrain a pupil for their own protection or others' safety, this will be appropriately recorded and reported to the Headteacher and parents. Any physical restraint used will comply with DfE and LA guidance.

Except in cases of emergency, first aid will only be administered by qualified First Aiders. Children requiring regular medication or therapies for long-term medical conditions will be made the subject of a Medical Plan that has been agreed with the parents and health authority.

For their own safety and protection, staff should exercise caution in situations where they are alone with pupils. For example, the door to the room in which 1:1 coaching is taking place should be left open or the teacher should ensure that they and the child are clearly visible e.g. the use of the conservatory.

All rooms that are used for the teaching or counselling of pupils will have clear and unobstructed glass panels in the doors.

Home visits to pupils (which should be undertaken with another member of staff) or private tuition of pupils should only take place with the knowledge and approval of the Headteacher.

Staff supervising off-site activities or school journeys will be provided with a school mobile telephone as a point of contact for parents and/or parents will be contacted by school.

Staff should only use the school's digital technology resources and systems for professional purposes. Staff will only use the approved school email or other school approved communication systems to communicate with pupils or parent/carers and only communicate with them on appropriate school business. Staff will not disclose their personal telephone numbers and email addresses to pupils or parent/carers.

Staff will not use personal cameras (digital or otherwise) or camera phones for taking and transferring images of pupils or staff without permission and will not store images at home.

Personal mobile phones should not be in the classroom and mobile phones with cameras should not be in areas where children are vulnerable to any invasion of their privacy.

Health and Safety

It is the legal duty of all employees to ensure that they do not endanger themselves or anyone who may be affected by their work activities, and to co-operate with their employer and Alexandra Park Junior School in meeting statutory requirements.

Our full Health and Safety Policy is available on the school website or by request. We would encourage you to be familiar with it, especially as a regular visitor to our school.

All staff, volunteers, contractors and visitors must conform and work to the requirements of all current safety legislation and codes of practice.

On arrival at our school, all visitors and contractors must sign in on the electronic screen. You will then be issued with a pass which must be worn visibly throughout the duration of your visit. On leaving the building you should return the pass and sign out electronically.

All contractors must have completed a Permit to Work in advance with the School Business Manager before any works may commence. Contractors are asked to review the School Asbestos Register before commencement of any works.

Emergency Evacuation

If you discover a fire:

- Break the glass of the nearest alarm call point.
- Lead and assist pupils to leave the building
- Leave the premises by the nearest available exit, closing all windows and doors.
- Report fire by calling 999 from your mobile phone or dial (9) 999 if using a landline.

If you hear the alarm:

- If away from your normal place of work DO NOT return to your work area.
- Lead and assist pupils to leave the building.
- Leave the premises by the nearest available exit, closing all windows and doors.
- Report fire by calling 999 from your mobile phone or dial (9) 999 if using a landline.

Alexandra Park Junior School's School Assembly Point is at the front of the building and is on the top concrete pitch directly up the small flight of stairs. All visitors should report to a member of the office staff.

Do not re-enter the building until instructed to do so by a fire service officer or the Headteacher.

First Aid

Alexandra Park has a number of trained first aiders who are able to deal with most minor injuries and medical conditions. These are listed at various points around school. All accidents / injuries will be recorded on the relevant first aid slip or accident form. Please report to the school reception if you need any assistance during your visit.

All accidents at Alexandra Park must be reported to the a member of the office staff, including 'near miss' incidents.

Vehicles

Alexandra Park will not accept responsibility for the safety and security of your vehicle whilst on the premises. Please ensure that you drive slowly within the school car park and that you do not block in any other cars.

Smoking

The school operates a non-smoking policy at all times, this includes school premises and grounds.

If you require any further information

Please contact Joanne Booth (Office Administrator) 0161 770 8321

I have read and understood Alexandra Park's safeguarding and health & safety information and agree to work within the expectations outlined in their policies and procedures.
