

What have I previously learnt?

I can explore sculptures of malleable materials and manipulate malleable materials for a purpose.

I can join two parts successfully.

I can include texture to create an effect.

I can replicate some designs.

I can annotate sketches to elaborate ideas.

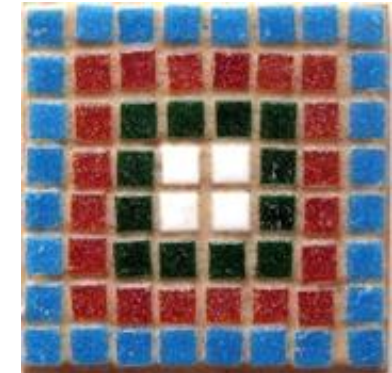

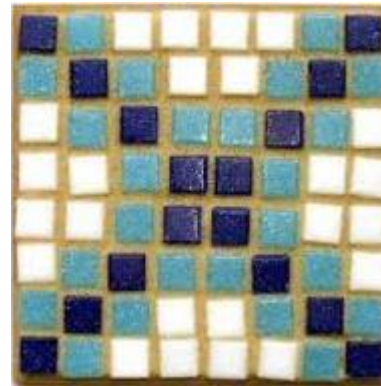

Sticky knowledge

A mosaic is a picture or pattern produced by arranging together small pieces of stone, tile, glass. Roman mosaics are an ancient form of art consisting of geometrical and figural images built up from arrangements of tiny pieces of stone and glass. Thousands of extant fragments and entire mosaics have been found on the walls, ceilings, and floors of Roman ruins scattered throughout the Roman empire.

Vocabulary - goldilocks words

Words	Definition
Repeated	done or occurring again several times in the same way:
Pattern	a repeated decorative design:
