

What have I previously learned?

- Name and locate the four countries and the capital cities of the UK and the surrounding seas
- Identify a number of characteristics (rivers, mountains, climate, landmarks) of the UK.
- Name and locate the world's seven continents and five oceans.
- Know the difference between city, town and village.
- Recognise the differences between physical and human aspects (landscape, climate, buildings) of a small area in the UK.

Vocabulary - Goldilocks words

Word	Definition
City	A large town.
Town	A built-up area with a name, defined boundaries, and local government, that is larger than a village and generally smaller than a city.
Continent	A massive area of land that is separated from others by water or other natural features.
NorthWest	The direction towards the point of the horizon midway between north and west.
Settlement	A place, typically one which has previously been uninhabited, where people establish a community.
Industry	Economic activity concerned with the processing of raw materials and manufacture of goods in factories.
