Alexandra Park Junior School

To learn, be happy and achieve our best

This term, we'll be learning all about the Stone Age. The children will have the chance to write an explanation text explaining how to make a Stone Age tool.

Mr B and Mr T will visit school teaching us all about the tools and weapons Stone Age people made and we will learn how to throw a spear at some Stone Age animals! We will be studying rocks and soils in Science and visit the science center in Oldham to investigate different types of rocks.

Spring Term 2025

Class Dojo is particularly important as all class information will be communicated on your class story page.

Please listen to your child read every night and put a comment on Boom readers. Please make sure your child completes a book review on their pupil account on boom reader before they ask to change their books. - Your child will need to bring in their reading book every day so their teacher can change their books. Every Thursday we will have a spelling test.
